

Veysel Usta

Mersin / Turkey
(+90) 507 191 64 99
vyslusta1@gmail.com

I have been focused on C++ and Typescript. Apart from that, I am researching best practices within the scope of MEVN stack. In the future, my plans include learning technologies that pique my interest such as Redis, Docker, Graph ,Elasticsearch and NextJS. Also I'm a huge docker fan.

PROJECTS

Twitter Clone — *MongoDB, ExpressJS, NodeJS, Vue.js*

<https://github.com/veyselusta/Twitter>
