

Olgun DUTKAN

ABOUT ME

Senior Software Developer

Since 2013

I am a web developer with over 6 years of front-end and back-end experience. I specialise in JavaScript, thriving in an agile environment leveraging modern technologies such as React and Redux. I pride myself in writing scalable, elegant code — creating simple solutions to complex problems. I am open to improvement and new things excite me. I work in a way that motivates myself and my colleagues.
