cosinus30.github.io/portfolio

I am a keen, always improving tech enthusiast who loves to try out new technologies, have fun with them and skilled in understanding new concepts easily. I am also interested in algorithm design, and design patterns. Completed several projects in field of web development, both back-end and front-end.

Currently interested in React, Django Rest Framework and Flutter

Work History

Fullstack Developer (2020.09 – 2021.01)

Innova, Ankara, Cankaya

Worked on assigned [project](#) using spring-boot on backend, react on frontend
