

I have teaching experience in primary, secondary and high school, also in university and private education institutions. I am a Turkish citizen born in Kyrgyzstan. I graduated from Ankara University. I got my associate degree from abroad on Russian Language Pedagogical Institute. Afterward, I graduated from Department of Translation and Interpretation. I have more than 20 years of translation experience. I usually translate from Russian to Turkish and other Turkic languages and from Turkish to Russian and other Turkic languages; I also translate from other Turkic languages to Turkish and vice versa. I also have simultaneous translation experience, editing and consulting in scientific studies. I also worked as a sworn translator at the courthouse in Turkey. I am fluent in Turkey Turkish at the mother tongue level. However, for I was born in Kyrgyzstan, my mother tongue is Kyrgyz, I speak and write Russian like native and I can also speak Japanese and English.

I also worked in the touristic area for arranging commercial websites of the companies that sell natural cosmetics and sometimes also made websites translating jobs for some tour and hotel companies, which caused a great deal of experience on website design and translation for me. And I also have knowledge and experience of tour guiding for I am attending to Master Degree program of travel management and tourist guiding at university for the moment.

I am a person who loves to teach and learn. I have CorelDraw, Adobe Photoshop certificates, I also actively use Indesign and Microsoft Office programs, as well as video editing programs like movavi suite, camtasia and other photo, audio and video editing programs.
