Translater RU/EN Candidate FrontEndDeveloper

I've been working in different companies as a translator. But i was not happy in that job. So pandemic process was the reason of encouraging me start to coding. During this time I have been learning frontend developing by myself for a 8 months. The opportunity to improve myself every day excites me so much in the it-industry. I am trying to keep up-to-date my Github profile with new projects so don't be hesitate to check my projects on there.
