WORK EXPERIENCE

Innova   (September 2021 - Present)
Android Developer

- Developing new features for Turkish telecommunication company **Türk Telekom**.

Huawei   (May 2020 - September 2021)
Assistant Software Engineer

- Developed reference applications using **Kotlin** and **Flutter** to help non-Huawei developers to understand **HMS Core**. Also, tested and developed applications for HarmonyOS environment applications using **JS, HTML, and CSS**.
- Reviewed **HMS** documents. Made documents error-free and more clear to prevent misunderstandings. Awarded with Sparkling Star.
- Authored technical articles to explain **HMS** kit and **AGC** services. Published my articles on Medium and Huawei Forum.
- Coached developers from the Baltic countries, Romania, and Moldova to integrate and solve **HMS Core** issues.

Occon GmbH İstanbul   (February 2020 - April 2020)
Full Stack Web Developer

- Developed a network analyzer, that helps customers to track their transactions through the years, using **Angular**, **.Net Core**, **ng2-charts**.
- Reported my daily progress using **JIRA**, **FreedCamp**.

Nara EdTech   (July 2019 - September 2019)
Intern

- Developed a medicine tracker application for **iOS** and **Android** using **Unity**. Integrated **Firebase** Realtime Database to store patient information. Published it on **Google Play**.
