SUMMARY

I have been working on mobile and web app development for some time in my latest company. I have improved a lot on Javascript and React Native, Vue Frameworks. I have also contributed to Blazor, Winforms, ASP.NET Core projects.

EXPERIENCE

-Lunes Teknoloji Arge   Şişli, Istanbul
Software Developer   January 2020 – Present
I developed a mobile app using React Native. The app is now released on Google Play Store and AppStore. I also worked on projects using Vue, Blazor, ASP.NET Core and WinForms.
Google Play - AppStore

-Gamelab Istanbul   Istanbul
Game Developer Intern   2017 (1 Month)
I worked on an android game (top-down shooter game) project using Java on Android Studio. I also learned a bit of Photoshop to tweak character animation sprite sheets.

EDUCATION

-BilgeAdam Akademi   Bakirkoy, Istanbul

Trainee   August 2019 – January
2020

   This is an İşkur(government) supported full stack IT course with 800 course hours and %100 scholarship. I have learned backend, frontend, SQL on intermediate level and created real-life-like projects.

-Istanbul Arel University   Istanbul, TR

Computer Engineering (in English)   2012-2017

   I learned engineering basics and took programming courses in Java. I am also familiar with PICs and Assembly language. My thesis project was a tower defense game for mobile phones developed in Unity with C# language. The project repo: [github.](#) I took preparation course on my first year to learn English.

SKILLS

- React Native
- Redux
- Vue
- JavaScript
- HTML5
- CSS3
- REST

- Blazor
- WEB API
- ORM (Entity Framework)
- .NET
- T-SQL (MS SQL)

SCHOOL PROJECT

-Cansat Satarel   2015

Microsatellite competition project

The aim was to program a PIC to integrate on a Microsatellite using Assembly language. We, as a team, competed against other international universities in Texas/USA.

For more info; [Cansat Competition](#)

LANGUAGE

English: Advanced

PERSONAL

- Birthdate: 14.04.1994
- Military Status: **Completed**
- Address: Gaziosmanpaşa/İstanbul
- Driving License: **B**
- I have also been to the US several times for **work and travel** program (2013,2014,2015) to improve my English and cultural experience.
