I am Abdullah Kilinc, a product designer who loves to create new designs. I currently live in Turkey / Konya. Have been designing for 12 years and follow trends closely. I love to create new, simple and user friendly interface designs. I have 10 years of freelance and remote working experience.

The design categories I have designed successfully are as follows; User Interface Design, Mobile Application Interface Design, Logo Design

Experience

• Godtebyen.no / Product Designer

MAY 2020 – PRESENT, REMOTE

A new responsive e-commerce interface was designed for the customer. Currently, i lead a team to maintain the internal style guide & impement new design patterns in. Docs, Sheeds & Slides on web & mobile. I create design prototypes for motion stuides, oversee production specs & facilitate design reviews with stakeholders across al the 3 apps. I calloborate closely with product managers, developers, resarchers & the marketing team.

• Fiberkablonet.com / Product Designer

OCT. 2020 – PRESENT, REMOTE

We worked together on the customer's need for a new interface design. Adwords and social media spending are quite high on existing sites, but sales are low. With the new interface design work, we achieved an increase of 460% with the same ad spend. Turkey reached the highest sales figures in the category of 2020.

• Gencvizyon.com.tr / Product Designer

NOV. 2019 – APRIL 2020 REMOTE

User ainterface design studies were carried out for the special online education course.

• **Design Experience**

I can use Mac and Windows systems at a professional level. I can design on a Mac and Windows operating system. I can do design work on Sketch, Figma, Adobe XD, Photoshop apps.

I've worked with shared libraries in Sketch before. There are projects I have completed by the design systems rules.

I follow Adobe products and Figma updates closely.

• **Wordpress Experience**

My website, which I have been using, has been working with word-press infrastructure for 8 years.
I have prepared and used 3 different wordpress themes for myself so far. I use paid and free plugins.
I designed an e-commerce interface design for Wordpress.

What am I doing on Wordpress?
I create and publish content for my portfolio site. I regularly make backups and updates.

I only included a few projects here, please visit for more.
